Introduction

9:05 - 9:25

The challenges: market fragmentation, lack of financial support, lack of reliable information, lack of professional skills

9:25 - 9:45

The solutions: a holistic approach to deep renovation, voluntary certification, focus on specific building typologies, building renovation passports, integrated platforms

9:45 - 10:05

Insights from the projects: owners' feedback, capacity building, health and other benefits, the role of energy auditors, expected impacts on the quantity and quality of the renovation

10:05 - 10:30
