

**Geothermal Energy: Meeting Financial and Technical Challenges**

**Agenda:**

14:00 – 14:05	Introducing the session and panel <b>Chris Punshon</b> , <i>Industry Sector Manager - Power, TWI Ltd.</i>
14:05 – 14:15	EU R&I Policy perspectives for Geothermal energy and contribution of H2020 projects to R&I policy development ( <i>Key note presentation</i> )  <b>Susanna Galloni</b> , <i>Project Manager, INEA</i>  <b>Matthijs Soede</b> , <i>Research program officer, European Commission</i>
<b>Session 1</b>	
Geothermal energy towards a <b>carbon neutral</b> Europe – Raising to the technological & Financial challenges	
14:15 – 14:35	Geothermal Technology Roadmap by the European Technology and Innovation platform on Deep Geothermal  <b>Fausto Batini</b> , <i>Chairman of the ETIP-DG, Magma Energy Italia</i>  The possible role of shallow geothermal energy use in Europe in the context of the Clean Energy of all Europeans initiative – what can already be learned from leading countries in Europe and what still needs to be achieved.  <a href="#">GeoPLASMA-CE</a>  <b>Gregor Goetzl</b> , <i>Geological Survey of Austria</i>
14:35 – 14:45	The right scheme of my market: enabling geothermal investments with the right instrument (GEORISK)  <b>Philippe Dumas</b> , <i>EGEC secretary general</i>
<b>Session 2</b>	
Innovation enabling the wider use of geothermal energy – contribution of H2020 projects	

<p>14:45 – 15:05</p>	<p>Solutions to Materials challenges in Geothermal</p> <p><a href="#">Geo-Coat</a>, <a href="#">Geo-Drill</a></p> <p><b>Henry Begg</b>, <i>Section Manager (SUR), TWI Ltd.</i></p> <p>Deep geothermal power production in Cornwall, UK; technical and economic challenges</p> <p><a href="#">S4CE</a></p> <p><b>Ryan Law</b>, <i>Managing director of geothermal engineering Ltd, UK</i></p> <p>Cost-Effective corrosion resistant coatings for geothermal applications.</p> <p><b>Bodo von Doring</b>, Cleag technology, <a href="http://aatg.energy/">http://aatg.energy/</a></p>
<p>15:05 – 15:30</p> <p style="text-align: center;"><b>Panel discussion</b></p> <p>Geothermal energy – corner stone to clean transition in Europe?</p>
